

SH'ZEN

A close-up, high-resolution photograph of a woman's face, focusing on her right eye and cheek. She has light green eyes and fair skin with some freckles. A thick, white dollop of cream is applied to her right cheek, just below the eye. The lighting is soft and natural, highlighting the texture of her skin and the cream.

"I have a very dry skin, with lots of age lines on it. But what a difference I can see in just one week of using the serum. One friend said 'you look like you've had a face lift' and another, 'you look eight years younger'. Wow!"

Sh'Zen WOMAN OF THE year 2024

I've had a love affair for 25 years! I was introduced to the Sh'Zen Shape range at a pamper party I attended, and it was on offer. The range included the Skin Stimulator and Detoxifying Toning Oil. Within a month I could not only see the difference, but my skin felt so smooth to the touch that I called my consultant to enquire how I could get more of these products. She suggested I join Sh'Zen to get the discount on my products, and that's how my love story started.

The products are world-class and can compete with the best in the world. I am very proud to be part of this proudly South African company. Everyone needs multiple streams of income and Sh'Zen offers this and more!

Sh'Zen can fit into anyone's life, as you decide what you want from this opportunity.

CHERYL'S EXTRA special

Bring a rare breath of South Africa's unique indigenous Fynbos to your skincare table with our **Fijnbos Cape Floral Facial Essence** (30ml) and **Cape Cactus Jelly** (50ml). These local products combine the magical, healing properties of Cape Fynbos with African Superfruit oils and Aloe Ferox to deliver intense restorative energy to your skin.

OUR OPPORTUNITY

Sh'Zen gives you the opportunity to manage your own time at home and be your own boss. Additionally, Sh'Zen provides us with all the resources we require to succeed in our business. The free five-star reward excursions abroad are the icing on the cake. It's as simple as committing to yourself, setting goals, and going after them.

MY PEOPLE

On average, my downline consists of roughly 70 active consultants.

My team members are really connected to one another; they simply like spending time together and sharing. I feel confident in my team's ability to support me. I have excellent personal interaction with everyone of them. Thanks to my team I have earned 15 international travel incentives from Thailand to Argentina to Egypt. I couldn't have done it without them.
